LIVEBOARD MV EMPRESS

DIVE IN THE BEST DIVE SITES OF INDONESIA

Our 24m vessel is constructed of pure steel and offers outstanding diver comforts such as an electric lift to lower divers into the water; eliminating the need for a giant stride entry, GPS and 3D ocean floor scanners make your experience much more efficient and safe.

Topside, The MV Empress offers plenty of space for relaxation and a beautiful deck where you can enjoy sunset and sunrise. Catering to an absolute maximum of 10 divers, there are 5 cabins; all with Air Conditioning, and on the lower deck with shared bathrooms. Socialising and dining activities take place in the Empress' open-air, fully shaded Communal Space, complete with Shisha Lounge and Sundeck. Our guests appreciate our friendly and helpful crew, and amazing food!
